

- Pockets 
- Sleeved Dowels 
- Dowel Tied With Tapes 
- Wing Stiffeners 3/16" Dowel
- Wing Spar 1/4" Dowel
- Spine 5/16" Dowel

Scale:- 1/10" to 1"
 Materials:-
 Rip-stop and Dowel

I had some difficulties with this design at first but eventually got it going it flies quite well but is a bit unsteady and would probably do better with a tail or drogue although I'm not keen on either on a winged kite. It spoils the effect.
